Guru Ghasidas Vishwavidyalaya, Bilaspur, C.G. https://github.com/SoftwareDevelopor
A Central University Established by the University Act, 2009 No. 25 of 2009 NAAC A++ Accredited https://github.com/PythonDeveloper66

SUMMARY

Motivated B.Tech ECE student and Full-Stack Developer with hands-on experience in MERN stack, Python, and REST API development. Proven track record of building responsive, database-driven applications and deploying projects via Git and Vercel.

EDUCATION

Degree	University	Institute	Year	CGPA / %
Graduation	GGV Bilaspur	School of Studies of Engineering and Technology, GGV Bilaspur	2026	6.6 CGPA
Intermediate	CBSE	Rose Public School	2020	64.7%
Matriculation	CBSE	Rose Public School	2018	74.5%

TECHNICAL SKILLS

HTML, CSS, JS, BOOTSTRAP, JQUERY, GSAP, TAILWIND CSS, REACTJS, Nextjs, State Management, React Router, Context API, Redux Toolkit, Node.js, Mongoose, Mongo DB, REST API, Firebase, Firestore, JWT Authentication, Responsive Design, VS Code, Postman, GitHub, Git, Vercel, Java, C Programming Language, C++ with OOPs, Python, DSA

SOFT SKILLS

Time Management Problem Solving Leadership Positive Attitude Multi-Tasking Ability Good Communication Punctuality Code Debugging

EXPERIENCE & INTERNSHIP

Null Class Edtech Private Limited | *Ed. Tech.* | ***1 month Internship*** | Position of Web Developer

- Built clear and effective UI and UX of YouTube with the three extra features using Next.js, React.js, Node.js, Express.js, Mongo DB & Mongoose with 1 month of experience certificate.
- Maintaining high quality UI & UX. Reduced bugs and Improved Responsiveness. Implemented REST API

KEY PROJECTS

Portfolio Website | HTML, CSS, JS, Bootstrap, Node.js, Express.js, MongoDB | 1 week

- Designed a responsive portfolio website reducing page load time by **40%** with the enhanced and integrated UI&UX for my digital resume or CV using ***HTML, CSS, JS, Bootstrap, Node.js, Express.js, MongoDB*** for contacting or emailing using email.js to me.
- Here is the link:- https://portfoliowebsite-alpha-sooty.vercel.app/
- Available Codes on my GitHub account:- https://github.com/SoftwareDevelopor/portfoliowebsite.git & https://github.com/SoftwareDevelopor/portfolio_website-backend.git

YouTube Clone with the extra features | React.js, Tailwind CSS, Next.js, Node.js, Express.js, MongoDB | 1 month

- Built a full-stack YouTube Clone supporting authentication, video upload, search and responsive UI for over **20+ application features** with the enhanced and integrated UI&UX to improve an engagement using ***React.js, Tailwind CSS, Next.js, Node.js, Express.js, and MongoDB***.
- Here is the link:-- https://vidshare-khaki.vercel.app/

- Available Codes on link:- https://github.com/SoftwareDevelopor/vidshare.git & https://github.com/SoftwareDevelopor/youtube-server.git

To Do List App | HTML5, CSS3, JavaScript, Tailwind CSS, React.js | 1.5 weeks

- Developed this To-Do List App with the alarming and sending notification system with the enhanced and integrated UI&UX to improve the accessibility and user engagement by using ***HTML5, CSS3, JavaScript, Tailwind CSS, and React.js***.
- Here is link:- https://to-do-list-app-delta-ten.vercel.app/
- Available Codes on link:- https://github.com/SoftwareDevelopor/To-Do-List-App.git

E-Commerce Website | React.js, Tailwind CSS, API Integration, Next.js | 1.5 weeks

- Developed an e-commerce website using ***React.js, Tailwind CSS, Next.js, API Integration*** with the enhanced and integrated UI&UX to improve accessibility and user engagement.
- Here is link:- https://ecom-app-snowy.vercel.app/
- Available Codes on link:- https://github.com/SoftwareDevelopor/EcomApp.git

Advanced Students Attendance System with Face Recognition | Python Programming, OOPs Concepts, Python Libraries | 1 week

- It was the final year major project of the team of 3 students, and engineered an Advanced Students Attendance System with Face Recognition using Python Programming, OOPs Concepts, and Python Libraries with enhanced UI/UX and highly accessible engagement.
- Available Codes on link:- https://github.com/PythonDeveloper66/student-attendance-system-with-face_recognition.git

Advanced Students Management System | Python Programming and OOPs Concepts | 1 week

- Developed an Advanced Students Management System using Python Programming and OOPs Concepts with working in CLI mode and highly accessible and engagement. It has all the related operations and management of students of schools/colleges.
- Available Codes on link:- https://github.com/PythonDeveloper66/student_management_system.git

CERTIFICATES_____

- Full Stack Web Development Certificate by WS Cube Tech:- Full Stack Web Development provided by WS Cube Tech
- Internship Certificate provided by Null Class Edtech Private Limited:- Internship Certificate provided by Null Class Edtech Private Limited
- Experience Certificate provided by Null Class Edtech Private Limited:- Experience Certificate provided by Null Class Edtech Private Limited
- IoT NPTEL Swayam Certificate:- IoT NPTEL SWAYAM Certificate
- Network Security NPTEL Swayam Certificate:- Network Security by NPTEL SWAYAM Certificate
- Programming in C Language:- C Programming Language Certificate supplied by Great Learning Academy
- DCA Course Certificate:- DCA Certificate supplied by Sterlite Education

EXTRA CURRICULAR_____

Chandrayan 3 Maha Quiz | ISRO | 1 week

I had participated and qualified this maha quiz that was conducted by ISRO during my B.Tech. Graduation degree. I had also gained the award or certificate.
